

Academic Licensing

Product Description

Nanome is a Virtual Reality software platform for viewing, analyzing, manipulating, and modifying chemical and protein structures in a fully immersive and collaborative 3D environment.

Licensing

Nanome Academic License (\$199/year per license, minimum 2 licenses)

Annual license of virtual reality software for molecular visualization for non-profit, non-commercial use in academic institutions. If you intend to use Nanome for commercial purposes, you must acquire one of our enterprise licenses.

Plugin Upgrades

Nanome Stacks (www.nanome.ai/stacks)

Access to Nanome's plugin infrastructure, a python-based API enabling access to external computational tools.

EDU Stack Package (\$100/year per license)

Mid-level compute and server/license configuration for our EDU Stack. Included plugins are: 2D Chemical Preview, Hydrogens, Minimization, RMSD, Structure Prep, Vault.

Starter Stack Package (\$450/year per license)

Mid-level compute and server/license configuration for our Starter Stack. Included plugins are: 2D Chemical Preview, Data Table, Electrostatic Potential, High Quality Surfaces, Hydrogens, Merge as Frames, Minimization, SMILES Loader, RMSD, Structure Prep, Superimpose Proteins, Vault.

MedChem Stack Package (\$450/year per license)

Mid-level compute and server/license configuration for our MedChem Stack. Included plugins are: Chemical Interactions, Chemical Properties, Conformer Generator, Docking, Minimization, Real-Time Atom Scoring, SMILES Loader.

Full Stack Package (\$700/year per license)

Mid-level compute and server/license configuration for access to all available plugins. Included plugins are: 2D Chemical Preview, Chemical Interactions, Chemical Properties, Data Table, Docking, Electrostatic Potential, High Quality Surfaces, Hydrogens, Merge

as Frames, Minimization, RMSD, Real-Time Atom Scoring, SMILES Loader, Structure Prep, Superimpose Proteins, Vault.

Developer Key (\$200/year per license)

Extra configuration for the ability to create custom plugins. (Only available with the All-Access Package.)

Special Offers

Academic License Volume Discount

Discounts applied to academic licenses when purchasing in bulk.

Full Stack Academic Deployment

The upgrade cost for the Full Stacks Package becomes a flat fee of \$5000/year when purchasing 8 or more academic licenses.
